## EXPERIENCE

**HACKATHON** | DSolve Hacknight - CS Association, CET - April 2024

Worked on developing a website designed specifically for students navigating within a Computer Science department. Implemented with HTML, CSS, and JavaScript. However only the basic ui for the website was implemented and the algorithm for the navigation couldn't be implemented successfully.

**COMPETITION** | StackUp - TinkerHub, CET - November 2023

Online Blog Website using MERN Stack

**HACKATHON** | WIEve Epilogue 2.0, IEEE SB FISAT - July 2024

Idea : Develop a platform for food redistribution from surplus to the needy.
